

## Painting of Lines and Markings

**Inline Hockey:** IceCourt recommends using special tape for lines and circles: 3M #471 Tape is easily removed and very cost effective and lasts about 18 months. Use decals for logos where possible.

**MultiPurpose:** IceCourt recommends painting the lines and logos

Paint logos and game lines by strictly adhering to procedure below. This ensures that the polypropylene tile surface is properly primed and that the special paint adheres to the surface.

### Simple Procedure:

1. Carefully clean areas around lines with lacquer thinner.
2. Mask the lines with 3M automotive masking tape (does not leave residue).
3. Using a paint roller, apply one layer of our one-part special paint.

**Note:** No need to prime. Wait 36 hours for paint to cure. Lasts 5+ years.

Paint Source:

IceCourt has proprietary paint formula, available in standard colors and custom colors.
